

The Pump N' Run 10K!

(Fri April 30 and Sat May 1st, 2010, Cincinnati, Ohio)

“PUMP N’ RUN 10K” Event Description: Participants do maximum bench press repetitions, then rest 15 seconds, then do maximize curl repetitions, and afterwards run a 10K (see last page of flier which provides a visual representation of the event experience!). A runner will be able to reduce his/her running time by 30 seconds per Bench Press Repetition, with a maximum number of 30 reps (maximum of 15 minutes off run time!). The curl is optional at no charge, which allows you to compete for additional strength awards. The Bench/Curl Lift-Weights are determined by the charts below. Awards are as follows:

- **Pump-Club Personal Achievement** (Based on Bench Reps-only): 10-Pump Club (Bronze Medal), 20-Pump Club (Silver Medal) and 30-Pump Club (Gold Medal)
- **Fastest Male and Female in Age Group** (Net Run-Time including pump handicap)
- **Strongest Male and Female in Age Group** (Total Weight Lifted per formula below)
Total Weight = Bench Weight x Bench Reps + Curl Weight x Curl Reps
- **Post-Race Pump-off Championship:** Top 5 Males and top 5 Females with most pre-race bench reps, will compete in an additional bench championship, after the run.

Non-Running Cross Training Alternatives offered too! For those of you with running injuries, or if you have fitness friends who “just don’t like to run”, there will be alternative competitions at the same time and place as the PUMP N’ RUN 10K. These non-running competitions will include Hi-rep Weight Lifting, Indoor Rowing Machines and creative cardio challenges. Go to www.pumpandruncrace.com to learn more about these non-running events!
